UPTO 10 PERSON

MAJOR INJURY MEANS EVERY SECOND COUNTS

CRITICAL INJURY RANGE

*In any situation where a major injury occurs an **ambulance should be called immediately – but with major blood loss will it reach you on time?** With emergency service response times at an all-time high the injured person could suffer catastrophic blood loss and go into shock before help arrives.*

Is your workplace high risk?

- Construction
- Factories
- Tree surgery/forestry
- Agricultural workers
- Saw mills
- Company vehicles

PACT RANGE

(Public Access Trauma Kit)

***Every venue where people gather needs a PAcT kit.** PAcT first Aid Kits kits were created by counter terrorism police and trauma specialists to help save lives in public places;*

- Concert venues
- Sports grounds
- Public transport hubs.

PAcT kits include equipment specially designed to treat major wounds and quickly stop blood loss.
