RELIANCE MEDICAL

WORK LIFE + LIFE SAVING PRODUCT RANGE

UK | 2026

WORK LIFE

> *Every employer should provide for each work site at least one first-aid container supplied with a sufficient quantity of first-aid materials suitable for the particular circumstances.*

The UK's Health and Safety Executive (HSE)

All workplaces from schools and offices to high-risk environments such as forestry and construction sites present the potential for injury, ranging from slips and falls to serious accidents. Reliance Medical provides first aid solutions for the modern workplace, prioritising the safety of employees, customers, and visitors.

Our first aid solutions help keep your organisation safe and compliant with the law, whatever its size, industry, or number of employees.

LIFE SAVING

"Trauma is the one of the biggest causes of death and disability in the UK, claiming 17,000 lives every year. Rapid action is needed to help save a life."*

***Centre for Trauma Sciences**

In a serious medical emergency such as cardiac arrest or major blood loss, every second matters. Reliance Medical's pre-hospital trauma bleed control products and AEDs provide vital life-saving support until emergency services arrive.
